## OFFICIAL PAPER OF COUNTY.

**THE LAMUNYON ROBBERY.**  
The Harper Graphic has the following to say of the alleged robbery of Mr. T. J. Lamunyon, of this county, at Harper, on the morning of April 4th:  
The frequent and extensive robberies in Iowa call for some plan for immediate relief. No less than half a dozen bold robberies have been committed within the past week; the largest of which was that of T. J. Lamunyon, who was relieved of \$3,700 all in cash, last Thursday night at the depot. He had drawn the money out of the bank here that day to pay for some cattle he had bought at Milan. He was knocked down and hurt badly. In view of all this something must be done and that soon.

We have not space to give in detail the facts leading up to the alleged robbery. The stories are so different that it will probably take a judicial investigation to arrive at the truth. We wrote to a prominent citizen of Harper with regard to the matter last week, and he said that nothing was known of the matter there beyond Lamunyon's statements. He also stated that Lamunyon bore a good reputation at Harper where he formerly lived. It is probable that before this paper is issued, Lamunyon will be under arrest and a criminal prosecution for obtaining money under false pretenses instituted. Appearances seem rather against him, but we hope he will be able to establish his statements.

**THE BAND BENEFIT.**  
It has been a long time since any company has filled an engagement of four nights at the Opera House, with such universal satisfaction as has been given by the Gardner & Brown company. And we are glad to say also that their merit has been recognized by full houses. They have presented plays of acknowledged standing and their rendition of them has shown a remarkably high order of dramatic talent in most of the actors. We haven't space to particularize as we would like to do, but must say that in our opinion, the character of Dunstan Kirke as taken by Mr. Gardner on Wednesday night, was the strongest piece of acting that has ever been seen in Iowa. It was a most difficult part to play, and it was taken with a fidelity and strength that certainly stamps Mr. Gardner as an actor of unusual ability. As Hazel Kirke, Miss Ada Gardner was also well nigh perfect, her acting being particularly acceptable on account of her pleasant voice and her entire freedom from "rant" of any kind. The other parts of the cast were also well taken, but our crowded columns will not admit of further details. It is safe to say that Gardner & Brown can always be sure of an audience in Iowa. They were to give "Lancashire Lass" last night, but we go to press too early to make any mention of it.

**SCHOOL ITEMS.**  
BY LAURELLOT AND ELAINE.  
Director Frank Root visited Miss Kewer and Miss Ausherman Monday. The monthly examinations in the High School are over for the year which accounts for the particularly beaming appearance of the average High School student's face.  
Miss Alice Mather enrolled last Monday as number fifty, in eight months enrollment in the high school.  
There were sixty-three cases of tardiness reported for last week. The high school is the happy owner of two of them.  
Miss White's room is again crowded "three in a seat and standing room only."  
The High School will give no entertainment at the close of school this year.  
The Elocution class is now learning "The Face against the Face."  
For the last month each pupil is given a desk to himself. Those standing the highest in deportment get the back seats. For our part we prefer one farther front.  
The school this month is being run on biblical principles; special principle, "The first shall be last and the last first."

**SCHOOL REPORT.**  
Report of district No. 66, for the term ending March 21st, 1884. Length of term, 7 months; enrollment, males 25, females 25, total 50. Attendance in days, males 1,206; females 1,206; total 2,412. Average daily attendance, males 12.91; females 14.95, total 28.78. On last day the patrons treated pupils and visitors to a nicely prepared dinner which was enjoyed by all present.  
The patrons are general and progressive and assist the teacher very much by the lively interest which they take in the cause of education. The District Board is an ideal one, one that shows interest by their works, and as school officers and gentlemen, they have few equals in this county.  
M. F. MARKS, Teacher.

# COUNTY NOTES.

FROM REGISTER REPORTERS.

What is Being Done Throughout the County—Events and Gossip of the Week.

**LaHarpe Locals.**  
The Jayhawkers are still alive. Miss Ida Cox, of Moran, is now among the LaHarpers.  
Quite a pleasant Easter we had, with the exception of the evening squalls.  
After three weeks vacation Miss Olive Smith began her second term of school at Rose Hill last Monday.  
Mr. and Mrs. Charlie Olshoff spent Easter in Iola.  
Preaching at Rose Hill last Sunday by Rev. Mr. Scott, the Methodist minister from Iola. Preaching at Allen Center last Sunday by Rev. Mr. Miller.  
Four weeks from next Sunday evening Mr. Shney will preach at Elm Dale.  
Charles Pradier, one evening last week, while playing around the house, fell onto a garden rake which was turned upside down, and three of the teeth penetrated his knee. The child was almost frantic for a while, until some medicine was procured which lulled the misery. The boy was bedfast for about a week but now he is able to hobble around the house.  
We were not aware that Webster Johnson had a blind horse, nor did we cast any insinuation on the horse. Perhaps you didn't grasp our meaning. We meant to say that the horse had no driver, and want it distinctly understood that Bonnie Ben was there—at least his girl said so.  
Remember the preaching at Elm Dale next Sunday at 3 o'clock p. m. J. HAWKINS II.

**Neosho Valley Notes.**  
The weather is treating us rather coolly, considering the lateness of the season.  
The new barn on Mr. Butler's rented farm is receiving a fresh coat of paint.  
A. J. Servey is doing carpenter work at Piqua. Miss Emma Holmes is making a transient stay among her relatives here.  
After making several changes of location, Joseph Brown has arrived at the conclusion that this place suits his fancy best. Hence he will be one of our number hereafter.  
J. H. Leiter happily surprised his relatives here a short time ago by his unexpected presence. He is a brother of Mrs. Jacoby, has served in both the Confederate and Union armies and is not travelling around, he makes his home among the superannuated veterans at the National Soldiers' Home at Dayton Ohio.  
Wm. Hankins' favorite sport, that of trapping, has not been entirely devoid of profit of late. He succeeded in capturing two others, from which he realized \$11.00.  
It seems as though "Gotheloni," of the Courier, has at last been partially aroused from a long continued dormancy by an acute case from another west side correspondent to that paper, and before he has had time to entirely overcome the delirious state that naturally follows a "snore," he attempts to meet the exigency by a superficial accusation directed against Valleyville. Instead of the offending party. Please be careful which way you cast the stone next time. VALLEYVILLE.

**Moran Matters.**  
Highest prices for produce at Reese & Osborn's. Miss Ross wishes to say to her customers that she is at her old stand, south of railroad, and will sell millinery goods at very low prices until her stock is all closed out.  
Reese & Osborn are closing out their clearance and queueware at cost.

A cyclone struck the town recently and knocked the bottom out of prices at Reese & Osborn's. I was mistaken as to that Miss Laury. It is a Master Laury and a straight Republican.  
Mr. Joseph Jackson, of Cincinnati, is visiting his father sister and brother in this vicinity. He intends to stay five or six weeks.  
Mr. Sam'l Jones says he lost four acres of fax by the wind Wednesday. Seed gone to Texas or other desert.  
I stepped into our meat shop Tuesday and found a little surprise to see things looking so neat and tidy and as clean as a parlor. Dick says they have the best refrigerator in the county. He says it's patent and manufactured in Toledo Ohio.  
Miss Nettie Rice has been quite sick for the past two weeks, but is now recovering.  
Mrs. Dr. Jewell has been quite sick the past few days.  
Robert Strickler is having his dwelling, the old Daniels house, moved to the east of his livery stable. W. S. Canatary has the job.  
Homer Van Vleet, brother of one S. C. Varner, has located in town.  
Mr. Sam Ingles was married last week to Miss Helen Ingles. He took a load of his brooms to Ft Scott this week.  
W. A. West is opening up a full line of clothing this week.  
Mr. Herman Holcomb and Frank Foelt left last Saturday for Rapid City, South Dakota, where they go, not to grow up, but to freeze up with the country. They will be back in a few years.  
In my last in speaking of the festival I did not mean to say that try of the band were tight. Some of the visitors.  
I hear the building boom has struck Bronson; they say the Holman boys are talking of building a business house, having sold their old one.  
Mr. Babcock, of the Leland hotel, Iola, was in town Monday.

**West of the River.**  
That was a nice rain last Saturday morning. Corn planting is the order of the day now-a-days.

Mr. I. Outright and Frank Smith have bought a new Champion corn planter.  
A. O. Jones is moving to Iola.  
Mr. John Crittenden, a nephew of Mrs. Lawyer, has been around calling on his friends. He has been in a surveying company on the U. P. Railroad for the last three years. He wintered in the Yellow Stone Park last winter, looks as hale and hearty as a regular mountaineer.  
We notice that the new steamboat has had a new commodity transportation in the shape of corn which they have been bringing down from horse head. We also notice the boat stops at Grey's landing for passengers on Monday mornings.  
Miss Anna Scott has a full attendance at the Union school house, and we think she will give general satisfaction to the patrons of the district.  
Mr. Aaron Shyer, one of Allen county's old settlers, who has been away for fifteen years, is around visiting his old acquaintances. He was one of the Boys in Blue during the war, in the 10th Kansas Volunteer Cavalry. He thinks he will stay in Kansas from this on. OCCASIONAL.

**Allen Center Articles.**  
William Givler and son, of Lexington, Ill., are visiting relatives here. Wm. Givler is a son of Mr. Givler of this place.  
We understand that a family is moving into J. P. Benschberger's house on the old Hankins place. We did not learn the name.  
In our last communication the types made us say "E. L. Baker" instead of E. L. Barker. We would not say anything about it were it not for the fact that the name has always been inserted "Baker" instead of Barker.  
Miss Hattie Adams has closed her school at Diamond and is now at home to stay.  
Some farmers are done planting corn, while others have not yet commenced. The ground is in splendid condition.  
Most of the wheat is looking well but a good frost will hurt it any.  
Mr. Robert Cook and family and Miss Anna Ryrie were visiting at Mr. Kanyan's last Sunday.  
Preaching at the Center next Sunday by Rev. E. S. Miller. Also at Rose Hill two weeks from last Sunday by Rev. Mr. Scott.  
BONNY BEN.

white house, with green window blinds, just

Bellview is fifteen hands high and weighs

1,340 pounds; is a light dapple gray, with a

dark, heavy mane and tail. He is a fast walker,
